Seizure of Large Quantity of Tramadol - India

On 29 Jul 24, Indian authorities seized 6.8 million Tramadol tablets worth USD 13,136,794 at Mundra Port, Gujarat, India. The tablets were found in two export containers destined for Sierra Leone and Niger in West Africa. Based on intelligence inputs, two export consignments of a Rajkot-based merchant exporter declared as diclofenac tab and gebedol tablets were “intercepted and examined” by the Customs Department at Mundra Port, Gujarat. The declared item was found in the front end of the container. However, a detailed examination revealed boxes containing undeclared medicine strips bearing labels of ‘Tramaking 225 and ‘Royal-225’ both containing Tramadol Hydrochloride Tablet 225 mg. Neither the strips nor the boxes had any details of the manufacturer. Around 68 lakh tablets of Tramadol with an International Street Price of around 110 crore were recovered. Tramadol export is restricted under the provisions of the Narcotic Drug and Psychotropic Substance (NDPS) Act. This operation marks one of the largest seizures of Tramadol since the drug's classification.
